Accessories

RenoSys offers PVC grating designed for new pool construction and pool renovations. DuraTech is a 1" tall extruded PVC grating product that can accommodate any pool gutter or trench width. DuraTech Grating is certified slip resistant in accordance with ASTM test standards. DuraTech can be used independently or can be combined with a RenoSys gutter or liner system. DuraTech is also perfect for pool Bulkheads and anywhere a durable grating is required.

Now Available In Any Color

Design & Product Information:

DuraTech inter-locking PVC grating is formulated with maximum U.V. inhibitors added to 100% virgin exterior grade impact resistant PVC resin. Integral slip-resistance is embossed into the grating top surface as a standard safety feature. White is the standard DuraTech color - custom colors are available upon request.
